

GUILLOTINE GLASS SYSTEM

The vertical sliding guillotine glass wall system is a new solution for residential spaces, restaurants, cafes and balconies. This system offers an 'unobstructed view', with maximum clear span, no vertical frames and a minimalistic horizontal frame.

Guillotine glass walls are operated with remote control and can be opened at any amount for total control of natural ventilation, whilst assuring comfort from gusts of winds, and also providing maximum comfort from heat, cold and noise. They offer thermally insulated aluminium profiles and double-glazing glasses when completely closed.

Max Panel Width: 4,000 mm
Max Panel Height: 3,000 mm
Glazing Type: 4+16+4 Double Glazed,
Heat Insulated, Tempered,
Transparent glass
Standard Frame Colour: Black, White,
Anthracite Grey, Brown, Cream
